The Cadets have been enjoying the cooling breezes that blow across Greenwood Lake. Some Bloomfield fishermen looked in on the encampment on the 4th of July and brought back the news that the boys were comfortably located and making good use of weather which must have been designed for such rural pastimes as eating and sleeping in the woods. The Cadets have been relieved of the duties and responsibilities of the mess since in a measure they have a competent chef, who knows all about catering to the appetites of young people.

Sunday Recreation.

A small riot occurred at Soho last Sunday afternoon. A number of ball players from Passaic created a disturbance in the Italian saloon on Harrison Street; and when the proprietor attempted to eject them, they retaliated by throwing stones. Nearly every window in the building was broken. Italian Charlie pursued them with a club and revolver. Several shots were fired, two of which took effect.

Harry Proctor residing on Harrison Street, was passing over the canal bridge on his way home when one of the Italians struck him on the head with a club which felled him to the ground. Then he began to beat him unmercifully. He was rescued by two men, who took him to his home. Proctor appeared before Justice Hall, who issued a warrant for the ball players' arrest.

The ball players also created a disturbance in the saloon kept by Frank Nardocski, on John Street, when he refused to supply their demand for more beer, they gave him a severe beating.

Wm. Douglas Moore, of Berkeley Ave., has purchased a lot 77x104 on the west side of Austin Place for \$1100, from the Davis estate, for immediate improvement.

If the much wanted showers so long anticipated were not needed for vegetation it would be a relief to see the foliage along our popular thoroughfares washed clean once more. The leaves have become powdered with dust. The cherries to the fruit crop are on the increase. People are wondering if the grapes will be as uninviting as the cherries have been.

Everybody says so.

Base Ball.

Orange A. C. vs. Oriam F. C. on Saturday, July 10th, at the Orange Oval at 4 P. M. The Orange A. C. and the Oriam F. C. will play the first game of a series. There has always been an intense rivalry between these two, they having refused to hasten their game.

Last year they smoked the pipe of peace and played their first series. The first game resulted in a tie after eleven hard innings had been fought, and the Orange team succeeded in winning the other two games by close scores. This year the Oriam's have made a great effort to get together a team that could beat Orange, but it will remain until Saturday to be seen whether the effort will be a successful one or not. They have signed "Tommy" Cuning, the late popular catcher of Orange, and he will take care of Fabian's wonderful curves. The Oriam's will find that the Orange management have not been asleep, for they have undoubtedly one of the strongest aggregations of ball tossers in the State, and will further strengthen it by putting George Stephen, the well known University of North Carolina pitcher, in the box.
